the journey of your life
through portraits.”*

—SUE BRYCE

“It’s one thing to make a picture of what a person looks like, it’s another thing to make a portrait of who they are.”

–PAUL CAPONIGRO

I AM A MAKEOVER PORTRAIT PHOTOGRAPHY BRAND

Portrait photography has changed so much since the 80’s glamour style portraits. Today, it has become more “Fashion Magazine Style”. What I offer is a magazine-style photoshoot experience with fully styled hair, makeup, and clothing however you want to be photographed and whoever you want to be photographed with.

THIS IS A MODEL FOR A DAY PHOTOSHOOT EXPERIENCE!

WHEN WAS THE LAST TIME YOU WERE PROFESSIONALLY PHOTOGRAPHED?

When you come in for a consultation we will plan and design a photo shoot that you want—that you’ve dreamed of. My professional makeup artist will give you a full makeover and give you any level of glam that you want to be. We have you bring up to five outfits for your photoshoot and help you style them. And, if you do not have five outfits to wear, during the consultation we can style a wardrobe for you from what we offer in our studio. We can also help you find outfits to rent or buy online.

WHO WOULD YOU LIKE TO BE PHOTOGRAPHED WITH?

Enjoy this photo shoot with your mother, sister, daughter, best friend, husband, or partner. We can create an incredible shoot for you and your daughters where the guys show up at the end for family portraits. You can share this experience with your Mom and Grandma. I can photograph three and four generations together. And the best part, you can go out that night and “paint the town red” because you are all going to look and feel fabulous!

THE REVEAL

Following your portrait session is your reveal. This is when you come back to my studio and you get to see all your beautiful portraits printed, up on the wall, and decide what you want to buy. Depending on the portrait session you choose you will see up to 20-25 portraits. You can purchase a folio box and place all your images into it for safe keeping. You can also choose wall portrait enlargements.

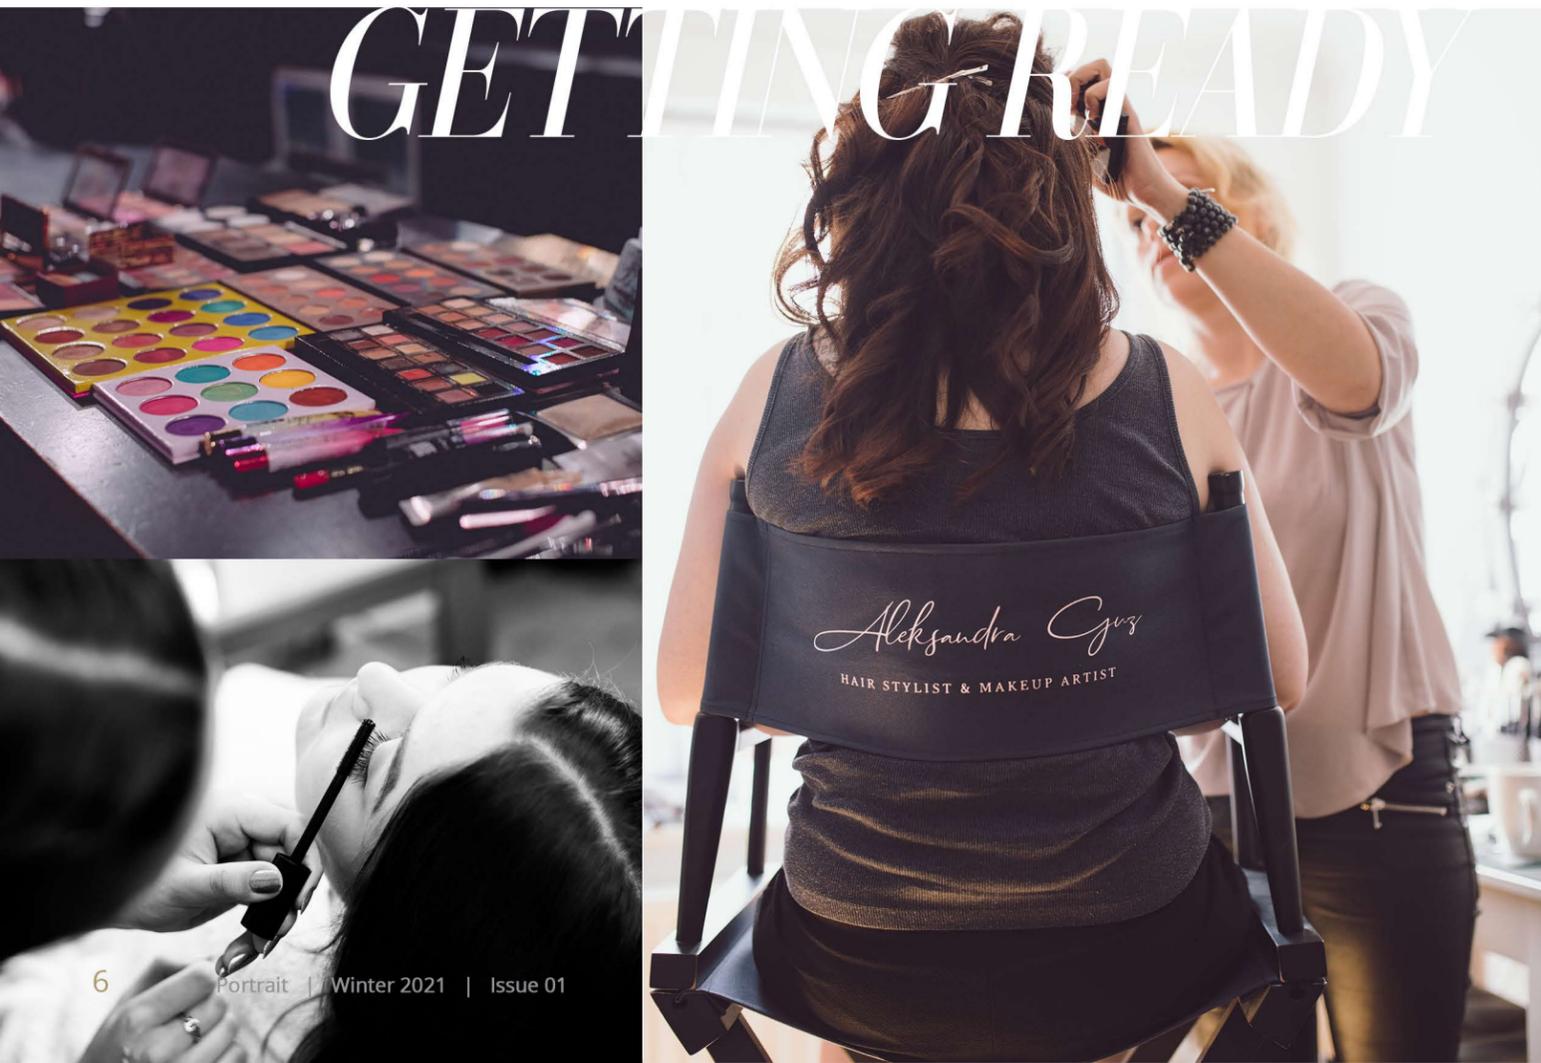

My products will be on hand at your reveal to look at and touch. We can even design a beautiful gallery wall to display in various enlargements sizes complete with your choice of vintage frames in white or gold. What you buy is entirely up to you. My job is simply to take the most beautiful portraits you have ever seen of yourself that you want to buy them all!

A week or two before your photoshoot, schedule some “me time” to pamper yourself.

This is when you'll want to start getting ready for your photo session. Schedule a manicure the day before, make an appointment the week of with your stylist or favorite salon to touch up your hair cut or color if needed. These little touch ups can go a long way to making you feel even more confident and camera ready! Gather your wardrobe together or go shopping for something new! Get plenty of rest the night before and arrive to the studio with clean, dry hair and no makeup. There's a lot to do but don't worry as you will receive a comprehensive beauty preparation guide when you book with me!

THEN IT'S TIME FOR YOUR MAKEOVER!

Where my amazing makeup artist will take you to the exact level of glam you desire.

How you style your wardrobe depends on the type of portrait session you choose.

During our video consultation we will talk about what type of portrait session you want, how you want to be photographed and start planning your wardrobe. There are many options when it comes to getting your wardrobe ready for your portrait session. You can bring in your wardrobe from home and my team and I can style you in the perfect combinations for your shoot. You can rent or buy dresses from online stores. Borrow outfits from your friends or family. You can choose pieces from our small in-studio wardrobe collection OR we can craft something unique from a piece of fabric!

*"when you take a photograph of someone,
you take a portrait of their soul"*

—Winna Efendi

TESTIMONIAL

I can't even put into words what the photoshoot did for me... it completely changed me as a person showed me who I really am. My self confidence and love have grown massively and I honestly can't thank Renata enough for that. She has blown me away with the image! — Liane Evans, mom of 3

GLAMOUR PORTRAITS

I want to show you how beautiful you are; to help you re-connect with the woman you see in your portraits, and be awed by her again. My main focus is to empower you by celebrating your beauty and the moment you are in right now. Get all dressed up and have your hair and makeup

done and feel like a model for the day starring in your own photoshoot. I'm incredibly excited to offer you my portrait experience so that you can finally exist in photographs for yourself and your loved ones. Contact me to talk about your portrait session.

“A woman can be overdressed but never over elegant.”

—COCO CHANEL

“A thing that you see in my pictures is that I was not afraid to fall in love with these people.”

-Annie Leibovitz

BOUDOIR

With some many misconceptions about the boudoir photography, it's often not easy to gather your courage and book the shoot. I invite you to a boudoir photo-shoot with me to create stylish and elegant boudoir images that will look classy and chic for generations to come. To me the key in creating timeless images is sim-

plicity. Using minimal props, universally elegant styling and fine art elements mixed with editorial feel, allow me to craft timeless boudoir portraits with a timeless beautiful look. Be bold, be beautiful, be yourself.

“The real beauty isn't about symmetry or weight or makeup. It's about looking life right into face and seeing all its magnificence reflected in your own.”

—VALERIE MONROE

DREAMY PORTRAITS

My dreamy portraits have got a bit of a fairy tale feel. I especially love styling my clients with tulle robe and skirts as they make every woman look and feel like a princess. Super soft light, textured background and sometimes a bit of haze are my key components. I also digitally paint on my photographs to make them look even more paint-

erly to make them look even more painterly and turn into a fine art piece. These are perfect for women of any age, also maternity sessions and dance portraits. Just imagine having a dreamy piece of art displayed on your wall!

*“Don’t shoot what it looks like.
Shoot what it feels like.”*

—DAVID ALAN HARVEY
